(Deputy Head, Academic/Head of Learning Support)

Approved by Head: *Charlotte P. Jones*.

Date: 7th May 2025

1. INTRODUCTION

The policy outlines the School's approach to ensuring all pupils with English as an Additional Language are identified and equitably-supported in accessing the curriculum and their membership of the School community. It covers teaching, pastoral, assessment, and home communication approaches and involves all School stakeholders.

Definition of 'EAL'

The Department for Education (DfE) records a pupil as using EAL if **'they are exposed to a language at home that is known or believed to be other than English.'** DfE: Schools, pupils and their characteristics, June 2019

This encompasses pupils who are fully bilingual and all those at different stages of learning English.

EAL pupils may have/been:

- Newly arrived from an international country and school;
- Newly arrived from an international country, but an English-speaking school;
- Born abroad, but moved to the UK at some point before starting school; or
- Born in the UK, but in a family where the main language is not English.

EAL pupils will need varying levels of provision.

EAL is not a Special Educational Need and should not - and is not - defined as such at St Peter's Preparatory School.

2. AIMS

This policy has been established to ensure all students with EAL at the school are given the best chance possible to reach their full potential. We seek to embrace this ethos when implementing support for our EAL community:

- The School seeks to recognise and identify our EAL cohort and be aware of their backgrounds, culture and attainment
- The School will ensure that all pupils are enabled to have access to a broad, balanced and relevant curriculum
- The School will equip teachers and support staff with the necessary skills, resources and knowledge to support students with EAL
- School stakeholders will embrace that English is best learned through the curriculum and EAL pupils should be encouraged to play a full part in all learning opportunities in a wholeschool context with their peers
- The School will implement and monitor rigorous and regular assessment to ensure the needs of EAL pupils are well-supported
- Where additional support and intervention is required, it will be provided to ensure all pupils can reach their potential School Policies/Staff Induction
- The School environment will promote language development through a reading-rich curriculum and good oracy

- The school structure, pastoral care and overall ethos helps EAL pupils integrate into the school whilst valuing diversity
- Bilingualism will be viewed and championed as a positive and life enriching asset
- Parents and prospective parents will be provided with the particulars of our EAL provision and supported with home communication where necessary

3. STRATEGIES

3.1 School/Class Ethos

- Recognise the child's first language; boost the child's self-esteem. Remember they have the potential to become a bilingual adult.
- Ensure classrooms provide an inclusive atmosphere, both socially and intellectually, where culture and difference are valued and individual identities are fostered.
- Identify the pupil's strengths
- Acknowledge the time it takes to become fluent in an additional language, with good command of the range of language needed for academic success.

3.2 Teaching and Learning

- Assess the pupil's competence in English in relation to the School's and National standards.
- Monitor progress and ensure EAL pupils are set appropriate and challenging learning objectives.
- Provide a classroom rich in oral experiences.
- Enable pupils to draw on their existing knowledge of other language/s.
- Encourage and use bilingual support from other students and staff.
- Use translated materials and bilingual dictionaries.
- Allow students time to practise new language.
- Use visual support of all kinds (diagrams, maps, charts, pictures).

Lessons can be on an individual basis or through planned scaffolding in the class lesson, through quality planning.

Very close informal links are kept with all subject departments and the Learning Success Team.

5. METHODOLOGY

Necessarily very flexible, to take into account the wide range of different educational backgrounds and expectations of our pupils, different levels and abilities, different linguistic needs, and the different dynamics of class, small group and individual teaching. We do our best to make our lessons contain pace, variety and challenge, encourage active learning by our pupils and ensure they are appropriately differentiated.

6. RESOURCES

Resources will be sourced depending on need.

7. ASSESSMENT AND REPORTING

Progress is monitored closely through St Peter's School Baccalaureate®, class books, summative and formative assessments, provision maps, daily reading and individual subjects. We follow the school's assessment, reporting and marking policy reflecting achievement.

- In cases where many teachers teach the same pupil or group grades are discussed before making a decision.
- Comments on individual pupils may be voiced at whole school staff meetings.
- Termly reports are provided for parents.

8. STAFF DEVELOPMENT

Staff development in teaching and learning for pupils with EAL takes place through the cycle of weekly and termly staff INSET. Additional external CPD opportunities are sourced based on need.
